

## MURRAYVILLE HAS DISASTROUS FIRE

### SEVEN STORES ARE BURNED WITH LOSS OF NEARLY \$75,000

All But Two Buildings on the West Side of  
Main Street are Destroyed—Odd Fellows  
Building is Among Those Burned—Jack-  
sonville Fire Department Gives Assistance

MURRAYVILLE, Aug. 24.—Fire of unknown origin  
which started in the Thompson restaurant about 10 o'clock  
Wednesday night totally destroyed seven business build-  
ings and their contents before the flames were brought  
under control at 12:45 o'clock this (Thursday) morning,  
with an estimated loss of \$50,000 to \$75,000.

The Odd Fellows hall was one of the buildings burned.  
The Masonic lodge, Modern Woodmen, Rebekahs, Order  
of Eastern Star and Royal Neighbors also used this hall  
for a meeting place.

The buildings burned were:  
Dr. J. H. Spencer, office.

Thompson's restaurant.

Smith's grocery.

Pennell restaurant.

Dolliday drug store.

Odd Fellows building.

Kennedy's grocery store occupied the lower floor of the  
Odd Fellows building.

### SOLDIERS' BONUS MEASURE MAKES RAPID PROGRESS

Leaders Regard Poss-  
ibility of Passage  
by End of Week

(By The Associated Press)  
WASHINGTON, Aug. 23.—The  
Senate moved forward so rapidly  
today in its consideration of the  
soldiers' bonus bill that some  
leaders regarded passage of the  
measure before the end of this  
week as more than a possibility.  
Opponents were understood to be  
disposed to let the bill take its  
course at this time in the belief  
that President Harding would  
 veto it. Should he do so they  
planned to center their fight  
against its passage over his veto.  
There still was no official in-  
formation before the senate as to  
executives views other than that  
contained in his letter to the  
house last March.

After it got to work on the  
bonus the senate agreed to the  
committee amendments to the  
house bill in 15 minutes and  
then it got ahead of itself to  
such an extent that the measure  
was laid aside temporarily. With  
the committee changes cleaned  
up, Senator Bursum, Republican,  
New Mexico called up his sub-  
stitute proposing half cash and  
half certificates of indebtedness for  
the veterans but this was re-  
jected without a roll call or any  
discussion. Senator Bursum pro-  
posed saying there should be  
some debate on an amendment  
which he believed would save  
something like three billions of  
dollars to the government. By  
unanimous consent action on the  
amendment was reconsidered and  
no other amendments were  
proposed so the senate turned to  
other work.

Debate was opened by Senator  
McCumber who delivered a long  
prepared speech using its enact-  
ment into law at this session of  
congress and reviewing the  
financial situation at length to  
support his contention that it  
could entail such expenditures  
for some years as would cause  
embarrassment to the treasury or  
the country's financial structure  
generally.

### WILL EXHUME WOMAN'S BODY

Bloomington, Ill., Aug. 23.—  
District Attorney Louis B. Reed  
of Greeley, Colo., accompanied by  
Sheriff J. E. Hamilton of Weld  
county, Colorado, are expected to  
arrive in Bloomington early Sat-  
urday morning to exhume the  
body of Edna E. Skinner, who is  
alleged to have been murdered  
by Albert J. Lowe of Greeley.

Lowe will be arraigned for his  
preliminary hearing at Greeley  
Tuesday, Sept. 5. District At-  
torney Reed said tonight as he  
passed thru Denver on his way to  
Bloomington that he has a strong  
reimbursement evidence case, the  
details of which will carry the  
case back to six years ago when  
Lowe was a resident of Illinois.

### EXPECT SHOWDOWN IN PEORIA MURDER MYSTERIES SOON

Belief Based on "Death  
Diary" Found in Aban-  
doned Shack

(By The Associated Press)  
PEORIA, Aug. 23.—A show-  
down in three mystery murders  
is expected Saturday morning  
when it is believed the contents of  
a "death diary" claimed to have  
been found in the ruins of a  
shack near Havana will be re-  
vealed by State's Attorney E. J.  
Galbraith in the habeas corpus  
hearing of Rolla Spaulding who is  
being held for the murder of Con-  
stable Arthur Smith.

State's attorneys of Peoria and  
Mason counties were today work-  
ing to prove conclusively that the  
"death diary" alleged to have  
been written by John Schorr, be-  
lieved to have been murdered be-  
cause he knew too much about  
the slaying of Constable Smith, is  
genuine. An effort is being  
made to find witnesses who were  
present when the diary was found  
by Schorr's mother, Mrs. Mary  
Richards and another woman who  
is said to have had a vision that  
the diary was in the ruins of the  
shack.

While the "death diary" which  
sets forth tortures claimed to  
have been inflicted on Schorr be-  
fore his death is believed to be in  
the hand writing of Schorr, the  
big obstacle to a trial of Spaulding  
on a charge of murdering  
Schorr lies in the fact that there  
has never been a definite proof  
that the time eaten body found  
near the shack where the diary  
was found, was that of Schorr.  
The "death diary" purports to  
name the slayers of Marshal  
M. Manito.

The diary was found in the  
ruins of a shack occupied by  
Spaulding when he posed about  
Havana as "Bob Anderson." The  
name of the woman whose vision  
it is claimed, led to the finding of  
the body is being kept a secret  
by Mrs. Richards with death.  
The mystery woman led Mrs.  
Richards to the ruins of the shack  
and the diary was found in the  
exact spot pointed out in the  
"vision."

### PAST WEEK SHOWS RAPID MATURITY OF FARM CROPS

Report Made Yesterday in  
Weather and Crop  
Review

(By The Associated Press)  
WASHINGTON, Aug. 23.—  
Crops were brought rapidly  
toward maturity by hot weather  
during the week ending yester-  
day the weather bureau reported  
today in its weekly weather and  
crop review.

Rainfall late in the week was  
of considerable benefit in some  
central-northern districts and in  
the extreme west.  
Valley but the drought continued  
in much of the Ohio Valley and  
in most of the southwest. The  
review stated. The dry weather  
was reported as hindering fall  
plowing in many midwestern  
localities.

Harvesting of late grain crops  
was generally favored by  
weather conditions and the work  
was nearing completion thru  
most of the small grain area.  
Corn was described as having  
made good to excellent progress  
in Iowa as maturing in good con-  
dition in most of Missouri as  
having received some damage  
from drought in Kansas and  
Nebraska; as making good pro-  
gress in Illinois despite dry hot  
weather and as needing rain in  
Indiana and Ohio.

Drought was said to be  
damaging fruit crops in some  
parts of the lower lake region  
and upper Ohio Valley and as  
deciduous fruits were reported as  
good in all parts of the country  
except that the apple crop was  
short in Lower Lake region and  
was dropping some in Indiana.

### PENNSYLVANIA MINE TO OPEN

ALTOON, PA., Aug. 23.—  
Agreements which will immedi-  
ately open mines in Central  
Pennsylvania with an annual  
output of 30,000,000 tons of  
coal were signed tonight by  
operators and representatives of  
District Number 2, United Mine  
Workers. The old wage scale,  
with the checkoff was accepted.

as tinder and conditions were  
right for a disastrous fire.

Officials of the Masonic lodge  
reported that all of the records  
of the lodge were saved. It is  
thought that the records of the  
Odd Fellows lodge also were saved.  
The records of the other  
lodges and all the charters were  
burned.

### ON EMPLOYES IN TWO HERRIN MINES WALK OUT

Refuse to Work Be-  
cause of Objection  
to Their Bosses

(By The Associated Press)  
HERRIN, Ill., Aug. 23.—Union  
employees of two mines in Herrin  
sub-district walked out today,  
shortly after the collieries re-  
sumed operations after 144 days  
of idleness.

Employees of Lake Creek mine  
near Johnston City laid down their  
tools when the mine officials re-  
fused to remove a master mechan-  
ic, to whom the miners objected,  
and the miners at the Burr mine  
near Carverville quit work because  
they objected to their bosses.

Union officers are attempting to  
adjust the differences.

The Lester strip mine near here  
where 26 men were killed in the  
rioting last June did not resume  
operations today. The machin-  
ery which was broken in the riot-  
ing, has not been replaced and all  
the debris has not been cleared  
away.

Miners employed at four mines  
in Williamson county declined to  
take up their work this morning  
when they learned that new men  
had been employed in the place  
of the old bosses, who were dis-  
charged by the mine owners after  
the beginning of the strike for  
the reason that they declined to  
do the work usually performed by  
the men who had gone on strike.

Abe Winget, a district union  
official was called by the mine  
owners and upon his advice the  
miners descended into the pits.  
Miners at the Lake Creek mine  
near Johnston City also refused  
to work owing to their objections  
to the presence of a master mechan-  
ic.

Every mine in Williamson county  
except two were in operation  
today, according to Senator J.  
W. Sneed, president of the min-  
ers' sub-district of West Frank-  
fort. Of this number it was esti-  
mated that at least one half was  
actually producing coal while the  
other half was being prepared for  
operation which, it was believed,  
could begin not later than tomor-  
row or Friday. Union miner of-  
ficials agreed that coal produc-  
tion in southern Illinois would be  
at capacity rate by Saturday.

Business in this city as well  
as in other towns located in the  
coal mining district today as-  
sumed the aspect of the busy  
Christmas season. Nearly all  
merchants it was reported had al-  
most depleted their stocks of  
goods during the four months of  
the strike and today were rushing  
orders to the wholesale houses  
in St. Louis and other large cities.

### WILLIAM Z. FOSTER ARRESTED IN CHICAGO

(By The Associated Press)  
CHICAGO, Aug. 23.—William  
Z. Foster, president of the Trade  
Union Educational League, who  
has been sought by federal agents  
as a participant in an alleged  
radical convention held in a  
forest near Bridgman, Mich.,  
yesterday was taken into custody  
today. Foster denied having at-  
tended the convention which was  
raided by federal operatives and  
state troops.

Later a federal agent accom-  
panied by a representative of the  
police department and a private  
detective searched Foster's apart-  
ment but said they found nothing  
of value. Meanwhile Foster  
was held in a police cell for ex-  
tradition to Michigan.

"My arrest is an outrage, Foster  
declared. I was not at the  
meeting in Michigan and I will  
hire the best lawyers in the west  
to fight extradition."

### ATTORNEY GENERAL BRUNDAGE WARNED TO KEEP HANDS OFF

Threatened With Death if  
He Goes to Williamson  
County

(By The Associated Press)  
SPRINGFIELD, Ill., Aug. 23.—  
Threats of death if he goes into  
Williamson county to conduct an  
investigation of the Herrin mas-  
sacre, have been received by At-  
torney General Brundage. He  
said tonight while preparing for  
the grand jury investigation at  
Marion, Monday. A letter dated  
at Herrin and mailed at Pekin ad-  
vises him to "keep out of Will-  
iamson if you know what is good  
for you."

The attorney general and  
United States District Attorney C.  
W. Middlekauff will have personal  
charge of the grand jury investi-  
gation.

Mr. Brundage departed tonight  
for Chicago to make ready for the  
convening of the jury which has  
been summoned by special de-  
puties appointed by him.

A large amount of evidence  
will be introduced he said, but  
how long the inquiry will last he  
was unable to predict.

### HOUSE BILL TO PROBE COAL INDUSTRY

(By The Associated Press)  
WASHINGTON, Aug. 23.—The  
administration bill for creation  
of a federal commission to  
obtain all facts possible relating  
to the coal industry and on  
which miners and operators were  
denied representation was passed  
tonight by the house, 219 to 55.

Three separate attempts were  
made by Representative Bland,  
Republican, Indiana, to amend  
the bill to put representatives of  
the miners and mine owners on  
the commission, but all of them  
failed.

The house voted down a  
proposal by Representative  
Dennison, Republican, Ill., to  
reduce the committee member-  
ship from nine to five, but by an  
overwhelming vote adopted an  
amendment by Representative  
Bankhead, Democrat, Alabama,  
cutting the salary of commis-  
sioners from \$10,000 to \$7,500.  
Virtually without objection an  
amendment by Representative  
Moore, Democrat, Virginia, was  
put thru, reducing the approp-  
riation for the cost and upkeep  
of the commission from \$500,  
000 to \$300,000.

The bill now goes to the senate  
where the Borah commission bill  
slightly different in some pro-  
visions is pending.

### CUSHING MAKES PARTIAL CONFESSION

(By The Associated Press)  
MORRIS, Ill., Aug. 23.—  
Thomas Cushing, 24, today made  
a partial confession of how he at-  
tacked and killed his 19 year old  
brother of four months and also  
caused the death of her unborn  
baby, according to Sheriff Mack.

Mrs. Cushing died in a hospital  
less than three hours after she  
had been carried from her burn-  
ing home last Saturday. Accord-  
ing to State's Attorney Flood,  
Cushing said he had struck his  
wife with a chair while under the  
influence of wine because she re-  
proached him for drinking.

Cushing, it was said, did not  
explain how the house was fired  
or the statement of the man who  
carried the dying woman from  
the house, who said that in  
answer to his question she told  
him:

"Tom did it and threw gasoline  
on my clothes"

The coroner's jury yesterday  
held that the woman came to her  
death from wounds inflicted by  
an unknown weapon in the hands  
of Thomas Cushing.

### PRISONER JUMPS FROM MOVING TRAIN

(By The Associated Press)  
CHICAGO, Aug. 23.—George  
Brown, being taken to St. Joseph  
Mich. from DeKalb, Ill. to face  
charges of forging checks eman-  
ated from Deputy Sheriff S. C.  
Cribbs of St. Joseph by leaping  
from a train at Porter, Ind.,  
according to word received by  
the detective bureau today. The  
deputy had removed Brown's  
handcuffs for a few minutes and  
the prisoner jumped thru an  
open window. The train was  
moving slowly and it is believed  
he escaped uninjured.

### CONFESSES TO SLAYING WIVES PARENTS

Austin, Minn., Aug. 23.—Aug-  
ust Detloff confessed today to  
slaying his wife's parents Mr. and  
Mrs. John Wagner, with an axe  
while they slept in their home  
at Grand Meadow near here on  
July 12, last, according to an an-  
nouncement made public by the  
county attorney tonight.

### IRELAND SEEKING FOR SUCCESSOR OF MICHAEL COLLINS

Have no Man in Party  
with Varied Talents  
of Late Leader

(By The Associated Press)  
DUBLIN, Aug. 23.—Who is to  
succeed Michael Collins as head  
of the Irish Free State is now  
the absorbing question here.

No man remains in the present  
Irish government with anything  
like the varied talents and domi-  
nating powers of the distin-  
guished Irish leader.

Under Collins the whole minis-  
try was combined into a united  
body. The main outlines of Irish  
policy were fixed by the late  
Arthur Griffith and the depart-  
ed Irish Commander-in-chief.  
Next to Collins in military im-  
portance is Richard Mulcahy,  
chief of staff of the free state  
army, who holds the entire confi-  
dence of the rank and file in the  
Irish military establishment.  
His effective record in the con-  
flict for Irish freedom also marks  
him as a strong candidate to  
succeed his departed chief.

On the civil side is Will T.  
Cosgrave, now the acting head  
of the Irish provisional govern-  
ment. He was always entirely in  
accord with Griffith and Collins  
and is noted for his tenacity in  
pursuing a policy once decided  
upon.

George Gavan Duffy, who was  
the Irish representative in Rome  
and later foreign minister of the  
provisional government also is  
regarded as a man of great prom-  
ise. He had been extremely active  
in the formation of the free state  
government and was one of the  
negotiators in the conference  
with Premier Lloyd George.

General O'Donnell, assistant  
chief of staff of the National  
forces and General Gerald  
O'Sullivan are considered as  
giving promise to assume the  
leadership of Ireland. Another  
leader, who is often spoken of as  
the new head of the Irish Free  
State is Kevin O'Higgins, minis-  
ter of economic affairs in the  
Dail Cabinet.

### WILLING TO HAVE SHIP BILL CONSIDERED

(By The Associated Press)  
WASHINGTON, Aug. 23.—  
President Harding in a letter today  
to Representative Mondell, the  
Republican leader expressed will-  
ingness to have congressional  
consideration of the administra-  
tion ship subsidy deferred until  
"we can rivet the attention of  
congress with a full attendance."  
Success of the measure, the  
president added, might be  
jeopardized by pressing for an  
immediate decision. The letter  
was in reply to one from Mr.  
Mondell in which the Republican  
leader had declared that he and  
his associates were reluctant to  
bring the bill to a vote in the  
house at this time.

"I am frankly disappointed,"  
the president stated, "that the  
circumstances have combined to  
make a difficult situation, due on  
the one hand to the diminished  
attendance in the house and  
chargeable on the other hand to  
the new complications which have  
arisen. Moreover the same  
friends of the measure must  
reach a concord in the matter of  
the favoring provision carried  
the six exemption section which  
was designed to provide an in-  
direct aid to American shipping  
enterprise."

### CHARGE CONSPIRACY TO DEFRAUD BOARD

(By The Associated Press)  
CHICAGO, Aug. 23.—True bills  
charging conspiracy to defraud  
the Chicago board of education  
were voted by the August grand  
jury today against Edwin S. Da-  
vis, former president of the  
board, Albert Seeveringhaus, for-  
mer vice president; Charles For-  
sberg, business manager, and  
Thomas Fitzgerald, head of a  
boiler company according to an  
announcement of Assistant State's  
Attorney Gorman tonight. The  
true bills, Mr. Gorman said, are  
based on charges that 24 boilers  
originally sold for \$2,500 each by  
the United States shipping board,  
later were sold to the board for  
\$9,500 by the boiler works  
headed by Fitzgerald.

### INDIANA STEEL MILLS RAISE PAY

Hammond, Ind., Aug. 23.—  
Leading steel mill executives of  
the Calumet region, today an-  
nounced a 20 percent wage in-  
crease, effective for common la-  
bor Sept. 1. The increase will af-  
fect 25,000 men.

### HOUSEHOLDERS WILL BE ABLE TO GET ALL THE COAL THEY NEED

Look for a Fair Price in Illinois of Between  
\$3.50 and \$3.65 Per Ton—Operators Will  
Add Strike Cost, Said to be \$25,000,000—

Look for Price of \$10 to \$10.50 in Chicago

(By The Associated Press)  
CHICAGO, Aug. 23.—With most of the 90,000 Illinois  
coal miners back in the pits, Chicago dealers said today  
that the householder will be able to get all the coal he  
wants next winter but will pay about two dollars a ton  
more than last year.

With schedules by operators expected tomorrow, local  
dealers estimated that coal which sold last winter for \$8.50  
a ton will bring \$10 and \$10.50 a ton next winter. Mine  
cost of production in Illinois last year was placed at between  
\$3.50 and \$3.65 a ton. This has not decreased, dealers  
said and added that a fair price of \$4.50 a ton at the mine  
had been fixed by Secretary Hoover. Dealers figured  
about \$2 for freight and \$2 for handling.

It was customary, they said, for the operators to add  
their loss sustained during the strike. This, one official  
has estimated at \$25,000,000. This loss, it was said by deal-  
ers, would be spread over the estimated production up to  
next April 1, when the present agreement expires.

The committee appointed by  
Governor Len Small to supervise  
the distribution of coal will meet  
tomorrow with Robert Medill,  
state fuel administrator. Mr.  
Medill said he would make no ef-  
fort at present to ration the coal  
supplies of the state as he be-  
lieved plentiful shipments were  
in sight.

Ask Federal Cooperation  
Washington, Aug. 23.—Federal  
cooperation in arranging a fair  
price schedule for coal produced  
in Illinois and Indiana was asked  
today of the central fuel distri-  
bution committee by the governors  
of those states.

Governors Small of Illinois and  
McCray of Indiana informed the  
committee it was stated that con-  
siderable profiteering in coal was  
going on in those states and con-  
sumers were somewhat agitated.

The committee stated that it was  
believed the cooperation of Illi-  
nois and Indiana coal operators  
could be obtained in fixing a fair  
price program. A total of 600-  
000 tons of coal is to be moved to  
the great lakes section next week,  
the committee announced, a con-  
siderable proportion of this ton-  
nage coming from mines recently  
reopened in Ohio, Pennsylvania,  
Michigan and northern West Vir-  
ginia. The outlook for production  
next week, the committee esti-  
mated was for an output of between  
7,500,000 and 8,000,000 tons  
which officials declared might be  
increased considerably if strike  
settlements were made in still  
other fields.

West Frankfort Mines Busy  
West Frankfort, Ill., Aug. 23.—  
More than 100 railroad cars  
carrying 5,000 tons of coal were  
shipped out of Franklin county  
tonight at the end of the first  
day of mining operations, it was  
estimated, based on reports re-  
ceived from the various mines in  
the county. Mine officials ex-  
pressed the opinion that all mines  
would be working at full capacity  
before the end of the week, thus  
giving employment to about 90-  
000 men after an enforced idleness  
of nearly five months.

Miners employed by the Chi-  
cago, Wilmington and Franklin  
Coal company declined to resume  
their work today without having  
received official notice of the set-  
tlement of the strike. This infor-  
mation reached here during the  
day and as a result the men are  
ready to go back to the pits tomor-  
row.

It looked like a county wide  
reunion at the shafts of Franklin  
county this morning when the  
men, some on foot, others in au-  
tomobiles, reached the place of  
their daily work. Many a cal-  
loused hand grasped the other  
with a curt but joyous word of  
greeting.

"Hello John," "Hello Bill,"  
and like words of greeting surged  
thru the stuffy waiting rooms,  
where the men gathered before de-  
scending into the pits.

"Feels good to get back to work  
after such a long time. I cer-  
tainly was getting tired of stay-  
ing at home," were the words  
with which many gave vent to  
their joy.

### FOUND GUILTY IN SECURITIES THEFT

NEW YORK, Aug. 23.—Gerald  
Chapman and George Anderson  
were found guilty of the theft of  
\$2,500,000 in cash and securities  
from a mail wagon on Broadway  
last October by a jury in federal  
court today.

Judge Holmes sentenced each to  
the federal penitentiary at  
Atlanta for 25 years.

"The report made to the execu-  
tives by their committee appointed  
to reply to the big five and the  
resolution adopted and sent to  
the brotherhood men follows:

"The committee appointed at  
the meeting of the railroads on  
August 12 having been re-elected

## LITERBERRY WOMEN HELD ANNUAL PICNIC

Ladies Aid Society of M. E. Church Had Picnic Wednesday Evening at Brainer Home in Virginia.

The members of the Ladies Aid Society of the Literberry M. E. church held their annual picnic Wednesday evening at the home of Mrs. Newton Brainer in Virginia. The members were privileged to invite their families and friends, so that more than a hundred persons were in attendance.

The picnicers went to Virginia about 4 o'clock Wednesday afternoon and spent several hours there very pleasantly. A splendid supper was served and later came a program of games and music. Several readings were given by Miss Anderson of Beardstown and greatly enjoyed.

Mrs. G. A. Dunlap was the general chairman of the event, and she was assisted by the following: Mrs. Frank Rolf, Mrs. Nathan Neil and Mrs. O. N. Petefish.

Among the committee members who were active in the preparations for the picnic were the following:

In charge of tables—Mrs. Obermeyer, Mrs. Ellis Thompson and Miss Ruth Deatherage.

Sandwiches—Mrs. Boatman, Mrs. McFillen, Mrs. Rudisil and Miss Ellen Deatherage.

Cake—Mrs. Brainer, Mrs. Mabel Clark and Mrs. Flora Nicholas.

Ice Cream—Ellis Thompson and Frank Rolf.

Sale of Cream—Mrs. Mary Rudisil and Mrs. Sallie Deatherage.

Tea—Mrs. Wayne Dinwiddie.

## FAMILY REUNION IS HELD NEAR LITERBERRY

Petefish Family In Annual Gathering Tuesday Evening—Larger Event Scheduled for Aug. 30 at Virginia.

Literberry, Aug. 23.—Members of the Petefish family resident in and near Literberry gathered at the home of Jesse Petefish west of Literberry Tuesday evening for their annual reunion. The company which assembled at the Petefish home numbered fifty-four and included the children, grandchildren and great grandchildren of Mr. and Mrs. A. W. Petefish. Mr. Petefish is the only one left of the older generation.

A large quantity of delicious burgoo soup had been prepared for the occasion and this was served, together with various other good things to eat.

The reunion was especially in honor of Mr. and Mrs. Taylor Petefish and Mr. and Mrs. L. H. Petefish, who are here from Lawrence, Kansas, for a visit with Morgan county relatives. They made the trip in an automobile and are expecting to spend a number of days in this vicinity.

The Kansas members of the family came at this time in order to attend a still larger reunion of the Petefish family which is to be held next Wednesday, August 30 at the home of A. C. Petefish in Virginia. This is the first reunion of the entire family and among those present will be representatives of the family from several different states.

## BERTON BRALEY'S DAILY POEM

## At Your Service

By Berton Braley

ANY place, anywhere, any old time,  
You be the Doctor, I'll do as you say,  
Map out the route for me, sweetheart, and I'm  
Ready to beat it, or ready to stay,  
I'll find you anything that's to be found,  
Whether it's silly or great and sublime,  
Only, I'm asking that YOU stick around,  
Every place, everywhere, every old time!

WHAT do you want, kid; a piece of the moon?  
I'll get it for you—if you'll come along,  
I'll dance the measure if you'll play the tune;  
Whichever you wish and it will not go wrong!  
You are the driver and I am the car,  
You are the bell-ringer, I am the chime;  
I'm never happy except where you are,  
Any place, anywhere, any old time!

I WAS a cave-man with all of the Frills,  
Till I met you—now I'm meek as a lamb,  
Merely a frown from you gives me the chills,  
I'm just your Fido-dog, that's what I am.  
You can depend on me, daytime or night,  
While I am young—or till long past my prime,  
But if some other guy vamps you, I'll fight  
Any place, anywhere, any old time!

## WEDDINGS

## Mason-Whitlock.

James Mason of Franklin and Miss Ethel Whitlock of Nortonville were united in marriage yesterday afternoon by Justice Bayha in his office in the Unity building. The witnesses of the affair were John and Olive Dwyer.

The groom is a farmer and the bride is a daughter of Henry Whitlock, one of the prominent citizens of Nortonville.

## Murgatroyd-Perry.

The marriage of Thomas A. Murgatroyd and Miss Daisy Perry both of this city, was solemnized yesterday at 2:30 o'clock Rev. G. W. Randle, of Brooklyn church, at the parsonage of the church. The wedding was witnessed by Mr. and Mrs. Orville Mawson, Miss Olga Perry and Elmer Murgatroyd.

Mrs. Murgatroyd is the daughter of Mr. and Mrs. Harry Perry and has all her life been a resident of Jacksonville. The groom is a farmer and the son of Mr. and Mrs. Thomas Murgatroyd. The young people plan to make their home in or near this city.

## Winter-Shelton

The marriage of Leo Francis Winter and Miss Myrtle Cecil Shelton, both of Woodson, was solemnized at 4 o'clock Wednesday afternoon in this city. The ceremony was performed by Rev. M. L. Pontius, pastor of Central Christian church, at his home on West College avenue. The bride and groom were unattended.

Mrs. Winter is a daughter of Mrs. Allie Shelton of Woodson, in which community she has spent her entire life. She attended the Woodson schools and the local high school, and for the past four or five years has been one of the successful teachers of the county. She is a member of the Christian church at Woodson, and is active in various departments of church work.

Mr. Winter is a son of Mr. and Mrs. George Winter, residing southeast of Woodson. He is a farmer by occupation and he and his bride will take up their residence some time later on a farm near Woodson.

The many friends of Mr. and Mrs. Winter unite in wishing them happiness and prosperity.

## OPERATORS YIELDED TO MINE WORKERS

Statement Says They Could Hold Out No Longer—Strike Loss Figures Given.

Illinois coal operators following the settlement with the miners issued a statement in which they declared they were compelled to surrender to the miners organization. Facts about the losses the strike meant are pointed out. Here are paragraphs from the operators' statements:

Illinois coal operators have been compelled to surrender. Prolonged and earnest obligations have failed to secure any concessions whatever from the Illinois miners.

The operators continue as fixed as ever in their belief that arbitration of the kind which they have heretofore insisted upon must ultimately be established and will best serve the interests of all parties concerned, the miner, the operator and the public. Further effort, however, at this time, seeking to compel the adoption of the principle of arbitration seems to not only useless but futile. The clamorous demand for coal has developed extreme pressure from all sides which the operators can no longer refuse to acknowledge. They are forced by necessity to yield in behalf of the public. It is acknowledged that arbitration to a force superior to both the operators, the public and its agencies, as President Harding phrases it "the country is at the mercy of the United Mine Workers."

This strike in every section of the country has not been against the coal operator employer, but has been directed at the public itself. In this connection also, attention is again called to the fact that regardless of repeated requests and demands, Illinois operators for the first time met the representatives of their workmen in conference to attempt the negotiation of a wage scale only last Saturday, 141 days after the mines were closed thru the refusal of the miners to continue at work.

Enormous Loss From Strike  
Illinois miners will scarcely be ready for work even to produce a limited tonnage before next Monday, August 28th. This will make 150 days of mine idleness since April 1st. Deducting 21 Sundays, the number of actual work days lost from April 1st would be 129.

Taking the experience of past years, Illinois mines would have worked during this period about 3 days a week, one-half time, or 65 days in the 21 week period. The average daily earnings of all miners in Illinois for the calendar year 1921—the scale of which year is by the new agreement re-established, was \$3.60 per day, or \$1.07 1-2 per hour. Counting only 65 days work per man for the period, the loss to each individual miner has been \$559.00, and for the total number of 90,000 Illinois miners, \$50,310,000.

The idle day cost of the mining companies during this period will approximate \$25,000,000. Consumers of coal normally supplied this period will approximate \$25,000,000. Consumers of coal normally supplied from Illinois mines have paid a probable average excess in price and freight of \$3.00 per ton on 10,000,000 tons, or a probable total of \$30,000,000. The coal stored in the Western Districts in anticipation of mine suspension April 1st was not generally exhausted until after August 1st, altho supplemental buying for additional protection began in substantial volume about mid-June, since which period it is possible that the above estimated amount has been brought into the Western section from Eastern non union fields.

## LOCAL WOMAN'S CLUB GUEST AT RAINY HOME

The Mound Woman's Club of Jacksonville was very pleasantly entertained at the home of Honorable and Mrs. H. T. Rainey Wednesday. About thirty five drove to Carrollton leaving about 8:30 o'clock in the morning this included the members of the club, their families and a few guests. At noon a sumptuous picnic dinner was served on the grounds near the club house, boating and fishing were enjoyed. In the afternoon the party journeyed to the house where they visited the deer park nearby and were much interested in the numerous curios which have been gathered by Mr. and Mrs. Rainey. Mrs. Rainey served refreshments and the party started on their way back to Jacksonville having spent a pleasant afternoon.

## CONCESSIONS WILL SOON BE SET UP

The work of staking out the boundaries for the concessions on the fair grounds is rapidly nearing completion and it is very likely that many of them will be set up in the next few days. Several dozen concession spaces have been sold, with only a few remaining.

The Oliver Amusement Company are the largest single exhibitors as they have between fifteen and twenty different concessions on the grounds. Positions for the dance floor, ferris wheel and merry-go-round have been staked out near the main entrance, while many other of the larger shows have close in positions.

## Continuation Of Last Week's Story About the Opal

(Repolishing Damaged Opals)

The opal is more liable to surface injury than any other of the precious jewel stones, yet a damaged, scarred or dull opal can be easily restored to its primary luster and fiery brilliance.

The method used is to "grind" the surface of the damaged opal with a flat piece of Lindenwood using with it Rottenstone and water (never oil) until the scratches and dullness disappear, when the opposite side of the wood is used, with Paris red and water. The water's only office is to keep the opal from getting too hot from friction.

Come in and let us show you some opal-set jewelry.

Next week we will tell you how tourists are "worked" by opal "peddlers"

PESKY

BED-BUGS

(Pesky Devils Quiet) P. D. Q. is the new chemical that puts the everlasting to the Pesky bedbugs, roaches, fleas, ants and cockroaches—impossible for the pesky devils to exist where P. D. Q. is used.

Recommendations of Hotels, Hospitals, Rail Road Companies and other public institutions are a guarantee to the public that the safest, quickest and most economical way of eradicating the pesky insects is by the use of P. D. Q., as this chemical kills the eggs as well as the live ones, and will not injure the clothing.

A 35c package makes a full quart enough to kill a million bedbugs, roaches, fleas or cockroaches—and also contains a patent sprayer to get the nests in the hard-to-get-at places and avoid juice.

P. D. Q. can also be purchased in 1-gallon bottles, double strength, liquid form.

## A Popular-Priced Cord Tire Without a Rival

The new Goodyear Cross-Rib Tread Cord Tire is built with genuine high-grade long-staple cotton as a foundation.

It is liberally oversize—the 4½-inch tire, for example, measuring nearly 5 inches.

The deep, clean-cut, cog-like pattern of its tread affords excellent traction even in snow and mud, engaging the road like a cogwheel.

The scientific distribution of rubber in this tread—the wide center rib and the semi-flat contour—gives a thick, broad surface that is exceedingly slow to wear.

This new tire is a genuine Goodyear through and through—in design, in material, in construction.

It costs less to buy than the net price you are asked to pay for many "long discount" tires of unknown reputation and value.

Why be satisfied with less than this efficient tire can give—why take a chance on an unknown make?

Compare these prices with NET prices you are asked to pay for "long discount" tires

## STORY OF IRISH LEADERS' LAST FIGHT IS TOLD

### Death Came After Battle Had Ceased and Foe Was in Retreat

(By The Associated Press)  
CORK, Aug. 23.—Michael Collins fell fighting to the last what seemed at first an overwhelming force of irregulars who ambushed his little party in a wild mountain road between Macroom and Bandon.

The commander-in-chief of the national army had been visiting Cork and, accompanied by the members of his headquarters staff left Tuesday to inspect the military positions south of Cork. He was escorted by a light armored car and a tory carrying soldiers. Altogether the party is

believed to have numbered about a score, including General Sean O'Connell, commander of the bodyguard, and Major General Dalton, commander of the Irish state troops in Cork.

A despatch rider preceded the large touring car with Collins and other officers, then to be whippet armored car while an ordinary open tender brought up the rear. The party visited nearly all the posts to the south of Cork occupied by the national army, among them Skibereen, Ross Carbery and Clonsilla. At each place the officer commanding was interviewed and the party was enthusiastically greeted.

Owing to the interruption of communication by the main road the party toward evening took a roundabout route for Cork from Bandon. While proceeding by road near Beahabath at 6:30 in the evening the party was ambushed by about 200 irregulars.

The battle opened with a few shots fired by the attacking

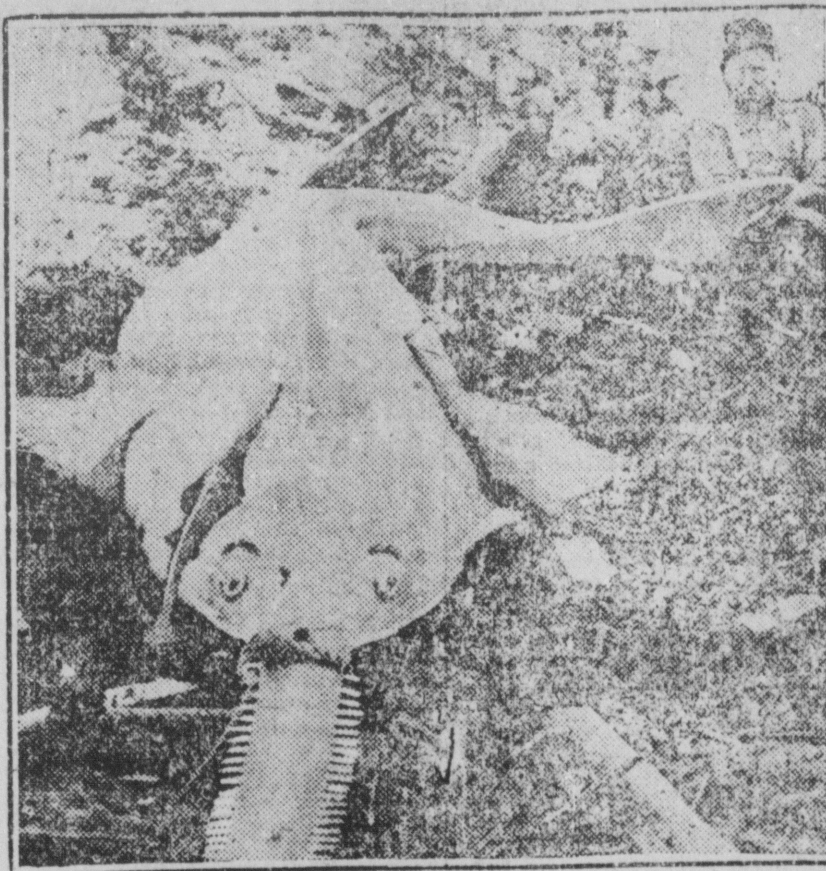

forces; the nationals were taken by surprise and one of the first bullets nearly struck Collins before his car stopped. The nationals hastily dismounted and General Collins assumed leadership. A hail of bullets sweeping the road left him quiet unmoved his first thought being for his men, whom he ordered to take cover at the fences on both sides of the road.

Despatch Rider Injured.  
At the outset the despatch rider in front was badly wounded and was removed to temporary safety. Then the nationals settled down to reply to the fire and the fact that they were faced by far superior number did not daunt either Collins or his officers, and within a few minutes the attack developed into a grim engagement fiercely contested.

Every man of the ambush party showed steadiness in the battle, which lasted close to an hour. It was in the last stages that Michael Collins was killed. As asserted that the careful fire of the nationals took heavy toll. For 45 minutes the only casualty on the side of the nationals was the despatch rider. The fighting was nearly ended and irregulars were on the point of retreating defeated despite their overwhelming numbers and advantageous position and the firing had become less intense when suddenly Collins fell. It was obvious that he had been mortally wounded but he still fired from the ground and encouraged his men by his unflinching bravery.

In a feeble voice the commander asked for Major General Dalton and Dalton and General O'Connell, both greatly distressed, comforted their dying chief; they whispered a few prayers and retired the act of contrition before the general passed away. His body was removed under fire to the armored car. The irregulars were by now in retreat leaving many dead and wounded on the field. The nationals took their dead chief's body to Cork in the armored car.

PUEBLO, COLO., Aug. 23.—Monte, a pet collie, in death today is being hailed a hero.

Spying a centipede resting on the shoulder of four year old Otto B. Thum, Jr. while he played beneath a tree on a picnic ground yesterday the dog shot out his paw knocking the centipede from the child.

The child was unhurt but despite the efforts of physicians, Monte soon became paralyzed as the result of poisoning and succumbed today.

## RAIL EXECUTIVES REJECT PROPOSALS OF BROTHERHOODS

(Continued From Page One)  
by the chief officers of the five train service organizations to meet them as mediators, reported to the meeting today that conferences in accordance with this invitation were held in Washington on August 12 and in New York on August 17 and 18.

"At these conferences the position of the railroads as reflected in the action taken on August 11, was fully discussed, but the committee has reported that the officers of the train and engine service brotherhoods were unable to bring about an agreement on the part of the shop crafts.

"At the conclusion of the conference on Friday, August 18, an adjournment was taken to enable the committee to report the result of the conferences to their associates which report had been made today.

"After discussion the following resolution was adopted: 'Resolved, That the committee is authorized to meet the representatives of the train and engine service brotherhoods again and state to them that the railroads adhere to the position heretofore taken, namely that the striking former employees cannot be given preference to employees at present in the service, without doing violence to every principle of right and justice involved in this matter and without the grossest breach of faith on the part of the railroads to the men at present in their service. Under these circumstances it becomes apparent that the railroads cannot consider any settlement of the present strike which does not provide protection in their present employment both to the loyal employees who remained in the service and to the new employees entering it.'

"Resolved further, That unless the representatives of the striking former shop employees are prepared to accept that position, the railroads are unable to see where in the efforts at mediation by the chief officers of the brotherhoods can harmonize these fundamental differences.

"Resolved, That the railroads express their appreciation of the friendly intent and the earnest efforts that have been made by the chief officers of the train and engine service brotherhoods to compose the present situation and express their sincere regrets that the situation has not permitted a termination of those efforts."

## INVESTIGATING CAUSE OF TRAIN DELAY

Mention was made recently of the delay of the west bound Hummer on the Chicago & Alton near Delavan. The delay was caused by the parting of the union link on the engine. Engineer Absent made a quick stop and fortunately no serious damage resulted.

Investigation showed that four heavy bolts had been sheared off with a chisel and it is more than likely that some one or more persons deliberately sought to wreck the engine. Special agents of the company are conducting an investigation.

## BECK DIED IN LINE OF DUTY

(By The Associated Press)  
WASHINGTON, Aug. 23.—Lieutenant Colonel Paul W. Beck, army air service who was killed last April by a "gun shot wound in the head inflicted by a revolver held in the hand of 'John P. Day' of Oklahoma City, died in the "line of duty," and his death was "not due to his own willful misconduct," according to official finding of an army investigating board, made public and approved today by Secretary Weeks. Charged that Colonel Beck was killed during an attack upon Mrs. Day were not substantiated by report. It was said.

Colonel Beck was killed in the house of Mr. Day after he and several others had been guests at the home one evening.

Secretary Weeks said he would forward the evidence to the Oklahoma attorney general but he preferred to have that official decide in the light of the new investigation what action he might take toward reopening the trial of Judge Day in civil courts. He said he would not recommend any specific action of this court in transmitting the papers.

The secretary's approval of the findings it was explained officially cleared the military record of Colonel Beck.

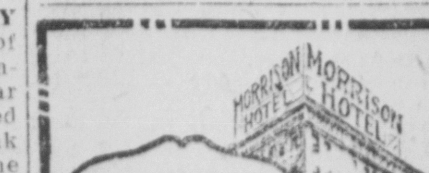

## COAL STRIKE IN SOUTHWEST ENDED

(By The Associated Press)

KANSAS CITY, Aug. 23.—An agreement to end the coal strike in the southwest and resume operation of mines immediately was reached today at a conference of miners' union officials and operators from Missouri, Kansas, Arkansas and Oklahoma. Vote on the settlement based on the Cleveland agreement was unanimous.

The basis of the agreement it was announced was the extension of the wage scale, which expired March 31 last to March 31, 1923. A condition of the settlement was that miners now employed in mines under operation shall not be discriminated against.

Operators declared newly mined coal would be on the trucks at mine sidings by Sept. 1. The agreement came at the close of the second day of the conference which was attended by the district mine presidents from Oklahoma, Kansas, Missouri and Arkansas. The miners' representatives submitted a definite proposal to the conference today to return to work on the basis of the 1920-22 wage scale and this was agreed to by the operators. It was said that an annual coal production of 15,000,000 tons was represented.

## DISCIPLES OF CHRIST MEET AT WINONA LAKE

Later National Convention Will Be Held During Coming Week. Eminent Men on Program.

A number of local people will be interested in knowing that the international convention of the Disciples of Christ will open at

Winona Lake, Ind., next Monday, August 28, to continue for one week. There was a rumor that because of interrupted railroad service the convention would be postponed, but this is not the case. Rev. S. E. Fisher of Champaign, Ill., president of the convention, and Rev. Graham Frank of Dallas, Tex., general secretary, have been in daily communication with the officers of the United Christian Missionary Society here and the board of education and the temperance board of Indianapolis. The unanimous decision is to go ahead with the convention as planned.

Many delegates are already on the assembly grounds, having come for the preliminary Bible conference. Two thousand reservations have been made at the Winona Lake hotels, and hundreds more at cottages on the grounds. Many plan to come in automobiles.

Missionaries from different countries—Japan, China, Tibet, Philippine Islands, India, Africa, Mexico, Porto Rico, Jamaica, Argentina and Paraguay will attend the convention.

Rev. Mr. Fisher will make the convention address Tuesday evening, Aug. 29. Rev. Vernon Stauffer of the faculty of the divinity department of Transylvania College, Lexington, Ky., will preach the convention sermon, Sunday morning, September 3. Other addresses will be given by Rev. Robert N. Simpson of Birmingham, Ala.; Rev. F. W. Burnham, president of the United Christian Missionary Society; Ed. Jackson, secretary of state of Indiana; Dr. Howard E. Jensen of Butler College; Roy S. Haynes, federal prohibition commissioner; Dr. Edgar DeWitt Jones of Detroit, Mich.; Dr. W. H. Haushalter of Columbia, Mo.; Dr. C. T. Paul of Indianapolis; Dr. Robert J. Aley, president of Butler College; Dr. Peter Ainslie, who has recently made a year's tour of Europe and America.

Speakers from outside the Christian church will be: Dr. J. L. Barton of Boston; Dr. W. O. Thompson, president of the Ohio State University and others.

## FINE BUILDING FOR ILLINOIS LIFE

Vice President Coolidge and General Dawes Had Part in Ceremonies When Corner Stone Was Laid.

The cornerstone of the new Illinois Life Insurance building at 1212 Lake Shore Drive, Chicago, was recently laid with imposing ceremonies. Vice President Calvin L. Coolidge and General Charles G. Dawes made the principal addresses.

Emphasis was laid upon the fact that the interests of the people are closely allied with the management of insurance companies, and the measure of security and prosperity of a community can be quite well computed from the security and progress made by well established insurance companies.

There were other speakers as well as those mentioned. The sentiments expressed and the general facts mentioned, all serving to emphasize that the insurance business, or profession as it may be termed, is upon a high basis of efficiency and that those who are successful as officers, representatives and agents, are those who are faithful to high ethical standards.

A great many of the representatives of the Illinois Life Co. were present at the cornerstone ceremony. Dr. C. H. Koppert, who is the representative of the company in this territory, was prevented from attendance by the fact that he is now in Colorado. The Chicago Journal of Commerce in a report of the cornerstone ceremony said:

"General Dawes occupied the principal place on the program in speaking. He declared that the success of the Illinois Life Insurance Company was something every citizen of Chicago, and the middle west should be proud of, not only for what it is but for what it will be. In commending the noble work of James W. Stevens, president of the company, he said: 'To me the laying of this cornerstone is merely a temporary move, because there seems no doubt but that this building will be torn down several times within the present generation to make for further expansion, for with James W. Stevens as the prime mover in this company's affairs continued and rapid growth are a natural circumstance.'"

"Many years ago," said General Dawes, "business men of the West realized the great need for strong life insurance companies and saw that the advance of Chicago as a great business center would be impossible without such institutions. Many attempts were made to organize such companies, many making the first attempt amid the blare of trumpets and drums, but after the sounds of the trumpets and drums died away the compromise followed in their wake. 'But,' added the general, 'James W. Stevens and the Illinois Life went about it in a different way, building solidly and slowly, with honest and real construction.'"

"Turning to the subject of life insurance General Dawes mentioned the general hallucinations the public for a life insurance agent, nevertheless, he said, 'The life insurance agent is one of the greatest factors in the business life of this country.'"

## CASS OFFICIAL MAKES WAR ON SEVERAL DIVES

Beardstown, August 23.—State's Attorney L. M. McClure again began legal activities today permanently closing up the houses of ill fame located on South Wall street, this city. An injunction asking that they be closed was asked for several days ago before Master-in-Chancery Charles A. Gridley. Hearing was delayed, however, and Attorney Masters, representing the two houses at that time ruled out the question of jurisdiction.

A hearing was conducted Monday when the State contended they were violating the law. The injunction which is quite lengthy, seeks the closing and final discontinuance of the houses.

William Burmeister was among the many shoppers in the city yesterday from Shiloh.

## Take Along a Book

Rinehart, Mary Roberts—The Breaking Point. The remarkable theme of this new novel will cause wide discussion and the book will be fully as popular as the former ones by this famous author, "K" also "Amazing Interlude," also "Dangerous Days" and several others. Here is a story that is different from any other that the author has written.

Mystery and the tragedy of a forgotten past, talk the unconscious figure of young Dr. Livingstone. Over lives of hard work and deep content, is cast the shadow of an old disaster, of hate and death, starvation and the loneliness of the criminal. Mrs. Rinehart has the setting of her story in a quiet street, shady and picturesque, in a little town. The home of two doctors, one a young man just making his name, the other his foster-father, on the verge of retirement, is pictured so humanly, so vividly, that one feels its peace and charm intensely. In this quiet backwater, tragedy and sensation thrust their way and we behold their way and we behold spellbound the working out of a remarkable theme. The mind throws up a protective screen against fear that greatest of human emotions. Let a person suffer beyond the limit of his endurance, and suddenly all recollection all memory is hidden behind a curtain of beneficent forgetfulness. It is the breaking point. This book will interest all readers and will be enjoyed by women as well as men. Get it at the Public Library.

Burnett, Frances Hodgson—Robin. All those who read that famous story, "Head of the House of Coombe," will remember the delightful child in the story named Robin, and the story ended as she was grown. The next book by Mrs. Burnett is the story of this girl who is now grown up, and one of the most lovable characters in fiction. Robin is her love story and her boy lover Donald Muir. The book is full of youth and love and tenderness and will be enjoyed by all readers. Get it at the Public Library.

Conwell, Russell H.—Why Lincoln Laughed. This charming book is a most important contribution to the literature on Lincoln. All who knew him, all who have written about him, from John Hay to Dr. Conwell, tell how in our country's darkest moments, Lincoln would find time to illustrate his arguments by some amusing story. Doctor Conwell recounts his meetings with Lincoln in which the great president exemplified his belief in the power and usefulness of laughter. Conwell was then a young soldier in the Civil War. He tells how he found Lincoln and of the delightful hours spent with him. This book is in itself a delightful entertainment for several hours relaxation. All admirers of Lincoln will hail it with delight. Get it at the Public Library.

Grenfell, Wilfred T.—A Labrador Doctor: an autobiography. This is a life story of Labrador's famous missionary doctor: a true tale of self-sacrifice and glorious achievement that will be enjoyed by every reader. Dr. Grenfell tells the story of his early life in England, of his education in a public school and at Oxford; of his service in the London hospital and the London slums; of his hospital work among the North Sea fishermen; and finally of his great life work among the fishermen of Labrador and New Foundland, of the hospitals and other institutions he has founded and carried on there, and his varied experiences with the primitive but large hearted but very human inhabitants of that bleak coast. The narrative is vivid and humorous, and the book will take a prominent place among the important autobiographies of men who have done things. This book will be enjoyed by all readers. Get it at the Public Library.

Buckrose, J. E.—The Privet Hedge. This is a whimsical story of youth in rebellion against tradition. The privet hedge around the Wilson cottage was the symbol of the passionate defiance of an older generation set up against the oncoming of the new. Caroline, the pretty heroine of the story, breaks through the old barriers of freedom and happiness. But once the barriers are thrown down there is a whole world to face—a strange, difficult hostile world. What she seeks comes to her but in devious ways and the story of it is full of

## INDEES WILL MEET VIRDEN NEXT SUNDAY

First Appearance of this Team Since 1918—Visitors Have a Good Team.

Frank Smith announced yesterday that the Indees opponent next Sunday will be the Virden Merchants. This will be the first appearance of the Merchants in Jacksonville for several years.

This team has always given the Indees some of their hardest battles and it is probable that Sunday's contest will be no exception. Virden has been going good this season and most of the games have been played at Virden. Recently the team has hooked some games on foreign diamonds.

Manager Smith will have the same lineup as that used in last Sunday's game. Fryman will be on the rubber with Clark receiving.

**STOCK EXCHANGE**  
**WAS IRREGULAR**  
 By Associated Press.  
 NEW YORK, Aug. 23.—The  
 market was irregularly today,  
 presumably in response to the  
 failure of the anthracite coal  
 strike negotiations and the pes-  
 sistic reports from the meeting  
 of the railroad presidents. Rail  
 shares especially the anthracite  
 carriers sold off substantially at  
 the opening but recovered closing  
 quotations showing only fraction-  
 al declines.

**FOREIGN EXCHANGE**  
 Mexican Petroleum finished  
 the individual feature of the  
 session rising nearly 9 points on  
 announcement that the company  
 had settled for five months taxes  
 to the Mexican government under  
 a recent decree which fixes the  
 rate of 40 per cent of the tax last  
 year. Allied Pan-American issues  
 strengthened in sympathy.

**DEMAND FOR EQUIPMENT**  
 Demand for equipment shares  
 was centered today in Pullman  
 Car which advanced 3½ points.  
 Sales totaled \$30,000 shares.  
 Just after the market closed it  
 was announced that the board of  
 governors had refused the re-

**QUEST OF MEMBERS**  
 quest of members for an extra  
 holiday on Saturday, Sept. 2.  
 Call money opened at 3½  
 per cent but was advanced to four  
 and thence to 4½, where it closed.  
 A slight stiffening was noted in  
 the rates for the money with  
 comparatively little activity being  
 noted.

**FOREIGN EXCHANGE**  
 Foreign exchange rates were  
 inclined to weakness, German  
 marks being quoted below seven  
 cents a hundred for the first  
 time in history. Czechoslovakian  
 crowns continued their upward  
 movement. Liberty bonds con-  
 tinued weak. Total bond sales  
 (par value) amounted to \$14-  
 302,000.

**CASH GRAIN**  
**REPORT**  
 By Associated Press.  
 CHICAGO, Aug. 23.—Wheat in  
 the local cash market was in  
 good demand with premiums and  
 discounts firm on contract  
 grades and easier for off grades.  
 Prices were 1¢ better. Shipping  
 sales were 370,000 bushels in-  
 cluding 15,000 bushels to millers  
 and the remainder to exporters.  
 Vessel room was chartered for  
 200,000 bushels of wheat to  
 rate 2½¢. The seaboard reported  
 300,000 to 400,000 bushels was  
 taken for export.

**CORN**  
 Corn was in good demand  
 with prices 1½¢ better. Trading  
 basis was 10¢ higher. Shipping  
 sales were 400,000 bushels in-  
 cluding 300,000 bushels to ex-  
 porters.

**OATS**  
 Oats closed ½¢ better with  
 trading basis 10¢ better. Ship-  
 ping sales here were 320,000  
 bushels including 165,000 bushels  
 to exporters.  
 Car lot receipts: wheat, 245;  
 corn, 234; oats, 112.

 By Associated Press.  
 Chicago, Aug. 23.—U. S. De-  
 partment of Agriculture—Cattle  
 —11,000. Uneven. Few good to  
 choice strong weight matured  
 beef steers strong. Others steady  
 to weak. Yearlings generally  
 weak to fifteen cents lower; top  
 heavy steers \$10.75; best year-  
 lings \$10.50; bulk beef steers  
 \$8.75@9.10; butcher cows and

**ST. LOUIS CASH GRAIN**  
 By Associated Press.  
 St. Louis, Aug. 23.—Cash:  
 Wheat—No. 2 red \$1.09@1.10;  
 No. 3 red \$1.03@1.08.  
 Corn—No. 2 white 61@62;  
 No. 3 yellow 61@62.  
 Oats—No. 2 white 33@34c;  
 No. 3, 33@34c.

**St. Louis Grain Futures**  
 By Associated Press.  
 St. Louis, Aug. 23.—Close—  
 Wheat, Sept. \$1.07; Dec. \$1.02.  
 Corn—Sept. 59½¢; Dec. 54½¢.  
 Oats—Sept. 31½¢; December  
 not quoted.

**PRICE OF WHEAT**  
**AVERAGED HIGHER**  
 By Associated Press.  
 CHICAGO, Aug. 23.—Wheat  
 prices averaged higher today but  
 best prices were not maintained  
 and at the finish there was little  
 change from the previous close.  
 Final figures were unchanged to  
 1¢ higher with Sept. \$1.02½  
 to \$1.03, and December \$1.03½  
 to \$1.03. Corn was 1½¢ up;  
 oats held steady and provisions  
 were unchanged to 10¢ higher.

**There was some change in**  
 sentiment noted in the wheat  
 market also further short cover-  
 ing, which was responsible for  
 the bulge to the high point which  
 carried values above the outside  
 figure of the previous week. Some  
 reinstating of short lines was in  
 evidence on the bulge and with a  
 lack of outside help the reaction  
 was easily attained. Fresh ex-  
 port demand was reported as  
 slow altho Liverpool showed a  
 better undertone and closed  
 higher. Threshing is reported  
 as making rapid progress in the  
 Canadian northwest and the  
 movement of spring wheat is said  
 to be increasing with hedging  
 pressure there becoming more  
 pronounced. The available supply  
 now is said to be 35,869,000 bush-  
 els against 118,592,000 bushels  
 last year. Settlement of the coal  
 strike and the increase of 20 per  
 cent in wages of common labor by  
 the Steel Corporation had some  
 effect, some traders regarding  
 this as forecasting a better in-  
 dustrial situation.

**Corn was unsettled. Dry and**  
 hot weather prevailed in the  
 southwest with further damage  
 reports from that section and  
 the forecast indicated generally  
 fair but with slightly lower tem-  
 peratures. Prices advanced sharp-  
 ly on the bulge their being a good  
 deal of selling of September, the  
 market being easily influenced  
 by small orders either way. Some  
 rain was reported in parts of  
 Nebraska, Illinois and Indiana,  
 export connections being fair  
 with the car situation the main  
 influence in checking business.

### RETURN FROM AUTO TRIP TO NORTHERN STATE

Mr. and Mrs. J. E. Coonen and daughter Jean have returned from a two months' vacation in Wisconsin and upper Michigan. Miss Rosa Walsh accompanied the party on the first part of the trip, and they all enjoyed a most delightful trip thru vacationland. The party carried complete camp equipment, joining the great crowd of motor-gypsies that are found everywhere. Practically all towns and cities are providing free camp sites, many of which are very attractive, being equipped with kitchens, garages, reading and rest rooms, telephones, running water, and in some places grocers visit the camp for orders, making deliveries half an hour later. The splendid system of highway marking in Wisconsin

and Michigan makes touring very pleasant and the two states are honeycombed with concrete and gravel roads.

At Oshkosh Miss Walsh had the pleasure of a visit with Mr. Springgate, formerly principal of Brown's Business college here. He is now running his own business school in that town. Mr. and Mrs. Coonen and daughter spent some time visiting friends in Green Bay, Appleton, Escanaba and other northern cities.

### FUNERAL SERVICES FOR MRS. CORRINGTON

Late Mrs. Clifton Corrington Laid to Rest With Impressive Services Wednesday Morning.

Funeral services in memory of the late Mrs. Clifton Corrington were held at 11 o'clock Wednesday morning from the family home on South Main street. The services were largely attended, as there were many present from Alexander, in which community the deceased formerly made her home.

Rev. M. L. Pontius, pastor of Central Christian church, was in charge of the services, which were of a very impressive character. Mrs. A. R. Gregory sang two selections in a beautiful manner.

The flowers were cared for by Misses Mabel Peterson, Louise Small, Aileen Fitch, Lillian Carter and Lois Wayatt.

The minister referred to the faithfulness and devotion of Mrs. Corrington's life, and declared that hers was an example which all would do well to follow. He said in part:

"For many years Mrs. Corrington has been a faithful member of the church. She was devoted to her family and lived a consistent Christian life. It requires Christian character to bear affliction and trials with Christian fortitude. Mrs. Corrington had learned this lesson.

"One must have control of all his faculties and spend much time in spiritual meditation to bear sorrow and endure sadness. The broken heart is healed only as the individual has found access to God thru spiritual communion. She had taken time to prepare for seasons of sorrow.

"One must have immortal hope to be able to prepare for the approach of death. Death separates all earthly ties and commands one to leave behind all earthly possessions. But Christian faith transcends all earthly experiences and enables the Christian to comprehend an unending life which is interrupted temporarily by that which we call death. The soul does not enter into the windowless house which we call the grave. The divine image in man is not effaced by death. The spiritual man knows death as a more incident which enables him to enter into a freer, fuller, richer life.

"Mrs. Corrington had this immortal hope and leaves this product of her Christian faith as a spiritual heritage to those who survive."

At the close of the services at the house the remains were borne to Diamond Grove cemetery, where they were laid to rest. The pall bearers were Charles Cully, R. T. Cassell, M. A. Huelti, James Strawn, Henry Strawn and Richard Wood.

### AMUSEMENT COMPANY SIGNED UP FOR FAIR

Alton Amusement Company Will Furnish Free Amusement Every Afternoon and Evening—Grandstand will be Finished Tomorrow

Yesterday a contract was signed with the Alton Amusement troupe for entertainment at the Morgan county fair, September 22nd, thru Sept. 26th. This company includes four people, a slack wire artist, a clown, a contortionist, and a giraffe act. The first three named will give a free exhibition in front of the grandstand each afternoon and evening, while the giraffe act will be included in the fashion show every evening. This brings the total of gratis amusements up to top notch. A balloonist will ascend every afternoon and make a triple parachute leap. Every afternoon and evening a death defier will make a high dive from a ninety-five foot ladder. The people of Morgan county will not be able to complain that their fifty cents is not well spent with all these great attractions on the program.

Fair headquarters was the scene of great activity yesterday. Entries were received in all departments and the office employees were kept more than busy in attending the rush.

The tents are expected to arrive in the city today and will be put up immediately, a large force of men being engaged in this work. The judges' stand was completed yesterday and given a coat of paint which added much to its appearance. It is expected that the grandstand will be completed roof and all by tomorrow. Some local tents are already erected.

### CALIFORNIANS ARE VISITORS IN WOODSON

**BURLINGTON WILL AGAIN HAUL COAL**

Night Service was Restored Over Burlington Road Last Night—Emptying Going South to Carry Old King Coal Back.

It was announced yesterday that the Burlington depot here would now open nights again. The office was closed several months ago and the service greatly reduced owing to the coal strike. Other stations that are again opened nights are: Litchfield, Virden, Christopher and Ayers.

Now that the Illinois coal miners have resumed work the C. B. and Q. resumes its normal service. Great strings of empty coal cars have been going south the last two days, to return loaded with good, black, and best of all, plentiful coals.

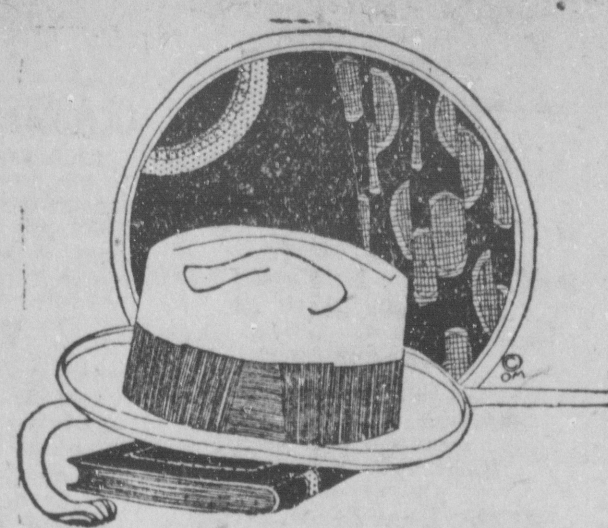

E. F. Mitchell local agent said last night that thousands of coal cars were already waiting in Southern Illinois.

The fact that the service on the Burlington was so greatly reduced is the main reason why the road has felt the rail strike so slightly. Time alone can show whether the strike will cripple to any extent the resumed service on the road.
